MEMORANDUM FOR: Director of Central Intelligence

FROM: Max Hugel
Deputy Director for Administration

SUBJECT: Travel Restrictions

Bill:

I believe that you will have on your desk today a request with backup material for lifting our restrictions on travel. It looks like we will be able to get what we wanted on lifting the freeze on personnel requirements, but I assure you that the travel restrictions are extremely important and must be lifted in order for us to be able to carry out the work that we have to do. I think this one will take a direct contact between you and Dave Stockman, but this Agency cannot exist without having these travel restrictions lifted. Your immediate action on this matter is absolutely required.
